

ENROLLMENT WIC APPLICANT PRICE/STOCK REPORT
INSTRUCTIONS

Complete all sections of pages 5, 6, and 7, documenting the price and quantity of each WIC food item currently on the shelf or in inventory housed at your store location. If a space is left blank, the WIC program will assume that your store does not have that particular food item. **Do not estimate or project prices or stock.** The Enrollment WIC Applicant Price/Stock Report must reflect **actual** shelf prices and **actual** stock on hand **at the time of completion**. [Exception: Pharmacies shall be exempt from this requirement if they are contracted to provide only “special infant formula”.]

1. Carefully read through the Arizona WIC Program Minimum Stock Requirements on pages 2 through 4.
2. On pages 5, 6, and 7, answer all yes and no questions and list the **highest** actual shelf price for each WIC food item in stock. Fill in the price for the exact size listed. **NOTE:** You must carry both milk and soy based iron fortified infant formula. Low iron formula may not be counted in the quantity listed.
3. After completing pages 5, 6 and 7, sign below to certify the completion of this report and submit this report with the application packet.
4. If you would like a copy of this report, please copy before you submit your application.

CERTIFICATION

I certify that:

1. I am authorized to act on behalf of the Applicant.
2. I have verified that the required amounts of WIC inventory described on pages 5, 6, and 7 are either on the shelves or in inventory housed at the Applicant's store location listed on the application.
3. I have verified that the prices listed on pages 5, 6, and 7 are true and correct.
